### Counsellors, Chaplains & Carers

Have you ever been completely 'stumped' with an issue brought to you by a client? Not a nice feeling when that person has come to you for help, and is waiting expectantly on your answer! You need more mental resources in situations like that - but where to get them...? How about tapping into the brain of a counsellor who has been 'in the game' for 30 years, and is willing to share his knowledge and insight with you? Yes in this Module, David will tackle the tough issues, the difficult problems, the moral dilemmas, the controversial topics, and the 'too hard' basket you have encountered in your own work. This Module is 2 days of getting to the 'nitty gritty' in order to equip you from lessons he has learnt from those 30 years of encountering the human condition in all its variants. If you are serious in your resolve to 'be there' for people in a real and helpful way, this Module will be invaluable to you.
