

LIFE AND COUNSELLING SKILLS

Making your mind your friend

The 10 day Living Wisdom Life & Relationship Skills Course has been developed and taught by David & Rosemary Riddell - and has run as a mobile short course in New Zealand & Internationally over the past 3 decades. Thousands of students have graduated during that time. David's training as a family therapist and counselor has been instrumental in leading many into a greater degree of freedom as they have embraced insightful truth and applied it.

This Course is a very relevant application of life & relationship skills, and is useful training for all those wanting to get to grips with the dynamics that make life difficult, in whatever role one finds oneself in. Consequently the curriculum is a blend of very practical life skills, family/relationship skills and ministry skills, with a mix of theology and psychology; friendship and fun! Many attest to this course being a rare find in that it genuinely provides REAL answers to life's dilemmas; the 'how to's' of personal transformation. It equips with tools for understanding ourselves and what makes us tick, leading to a life more closely resembling 'abundant.'

Cliches and behaviourism are not the solution!

Don't miss it - it WILL change the way you do life!
